

## Mentor/Mentee Program Invitation | December 2022

Are you a new director? Having a hard time taking in all the information that you need to know?

### ***New directors, this is for you!***

How about having a mentor? MSNA is here to help. We understand how important it is for Child Nutrition Professionals to support each other. We would like to pair you with a seasoned director that can provide guidance and encouragement during your transition into this very important role of feeding our children. There are so many rules and regulations to keep straight, along with staffing and menu issues, and let's not forget that administrative review you'll have to prepare for! Consequently, it is so important for us to build relationships and help each other.

A seasoned director has been where you are and would like to help you with whatever you need.

If this is something you would be interested in, please take a moment to complete this form: [MSNA Mentor/Mentee Form](#) (If you have any issues accessing the form, please copy the hyperlink directly into your browser).

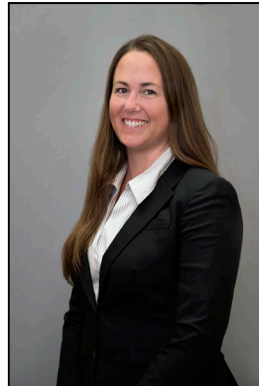

Our goal is to pair you with a director that will be 'just perfect' for you and your school size.

We are also looking to create a list of Frequently Asked Questions (FAQs) that mentees may have for seasoned directors or information that is crucial for mentees to have. This will be to be placed on MSNA's website as a resource for directors. If you have any questions or processes you would like included, please add these to the form.

Thank you!
