

## **Stronger Together: Building the Future with Communication and Collaboration**

### **School Nutrition and Industry Partner (SNIP) Conference**

Get ready to connect, learn, and recharge at the SNIP Conference, happening October 22-24 at Grand View Lodge in Nisswa, MN. This year's theme, "Stronger Together: Building the Future with Communication and Collaboration," is all about uniting school nutrition professionals and industry partners to create thriving programs for Minnesota students.

The conference kicks off with an engaging keynote by **Tracy Flynn Bowe**, titled *What Color Are You?* Tracy's *Four Color Leadership* workshop helps participants discover their personality color and explore how understanding personality styles can boost collaboration, communication, and leadership skills. Expect a lively, high-energy session that sets the tone for the rest of the event.

Attendees will once again be able to choose from different breakout session on topics including scratch cooking, building relationship between industry and schools, and supporting staff whose first language is not English.

Learning isn't the only thing on the agenda! Enjoy opportunities to relax and connect with peers during:

- Bingo
- Trivia
- A nature scavenger hunt
- Casual games and conversation

Whether you're a director, manager, or industry partner, this conference is your chance to build skills, share ideas, and strengthen relationships that make our programs shine. Join us as we build the future of school nutrition – together.

*See you soon!*
